LIST OF ACTIVE PHARMACEUTICAL INGREDIENTS (APIs)

- Formulations made of erythromycin salts
- Formulations made of clindamycin salts
- Formulations made of progesterone
- Formulations made of vitamin B1
- Formulations made of vitamin B12
- Formulations made of vitamin B6
- Formulations made of neomycin
- Formulations made of ornidazole
- Formulations made of metronidazole
- Formulations made of tinidazole
- Formulations made of acyclovir
- Formulations made of paracetamol
- Paracetamol
- Tinidazole
- Metronidazole
- Acyclovir
- Vitamin B1
- Vitamin B6
- Vitamin B12
- Progesterone
- Chloramphenicol
- Erythromycin salts
- Neomycin
- Clindamycin slats
- Ornidazole
